

Frosted Leaf Earrings

Supplies:

- 2 leaf charms
- 10 5mm brass jump rings
- 10 3mm brass faceted cubes
- 2 7mm brass jump rings
- 2 15mm brass jump rings
- 2 28mm brass kidney earwires

Instructions:

1. With two pairs of chain nose pliers open a 5mm jump ring and string on a brass cube, close jump ring and set aside. Repeat 19 times.
2. Attach the 7mm jump rings to the leaf charms. String the leaves onto the 15mm jump rings.
3. String five of the cube jump rings on each side of the leaf. Close the 15mm jump rings and slide them onto the loop at the bottom of the earwires. Squeeze the bottom earwire loop with the chain nose so the jump rings can't fall off.
